## EXPERIENCE

8/2023 - Present **UX/UI Designer and Graphic Designer** **Althi Solutions - Kanyakumari, Tamil Nadu**

- **Project Handle:** Handled multiple design projects end-to-end, from requirement gathering and wireframing to prototyping and development. Collaborated with developers to implement front-end components with pixel-perfect, responsive UI across devices.
- **Mentorship and Guidance:** Gained insights from my manager on project management and user needs, strengthening my user-centric approach. Praised by the CEO for versatility and impact, reinforcing my confidence and adaptability. Mentored junior designers by reviewing wireframes and prototypes to ensure design quality.
- **Design perspective Enhancement:** I actively learned from the Graphic Team, broadening of design perspectives to enrich the creative process and drive innovative outcomes

8/2021 - 7/2023 **Freelance Graphic Designer** **Athanas Creative Studio - Tirunelveli, Tamil Nadu**

Deliver creative content for branding, events, and promotions. Designed posters, brochures, social media creatives, and product packaging. Edited promotional videos and built brand consistency across formats. Created over 150+ design assets including print, social, and packaging. Boosted client campaign performance by 2–3x through targeted visuals. Managed end-to-end design delivery with 100% client satisfaction.

## PROJECTS

2 month **Kosmos - Sports Shop & Academy Website with Turf Booking** **Figma - link**

Althi Project

- **Objective:** To design a responsive website that enables sports product showcases, turf slot bookings, and academy registrations with a centralized dashboard.
- **Responsibilities:**Designed product listing layouts with price, offers, and brand filters. Built intuitive UI for turf slot booking and academy registration, and created an admin dashboard for managing bookings, registrations, and inventory — all with fully responsive design.
- **Achievements and impact:** Increased online turf bookings and academy registrations by 45% within the first month. Boosted product inquiries and sales by 50% with detailed product displays and offers section. mproved admin efficiency with a dashboard.

2 month
Althi Project

**Company Website - Corporate Website Design & Development** **Website - link**

- **Objective:** Build a responsive, static corporate website to showcase services and improve user navigation.
- **Responsibilities:** Designed and developed a fully responsive static website using HTML, CSS, and basic React.js. Aligned the design with brand identity and ensured smooth navigation across devices
- **Achievements and impact:** Increased website traffic by 45% within 3 months post-launch. Reduced bounce rate by 30% through improved content structure and user flow. Improved lead conversions via better CTAs and responsive layout

2 month
Althi Project

**V Check - Malware Scanning Software UI** **Website - link**

- **Objective:** To design a clean, user-friendly interface for malware detection and report generation
- **Responsibilities:** Designed the UI flow for scanning, reporting, and action-taking. Focused on simplicity and security-based design elements
- **Achievements and impact:** Reduced support queries by 28% due to clearer layout and onboarding screens. Enhanced usability and scan completion rate by 35%. Developed consistent UI components aligned with cybersecurity standards

2 month
